

# Kyokuto Kaihatsu Group SDGs Declaration

The Kyokuto Kaihatsu Group’s management philosophy is “Valuing technology and trust, make concerted efforts to develop the company, and widely contribute to society” Based on this management philosophy, we will resolve social issues related to “local communities,” “environment,” “people,” and “governance,” and simultaneously pursue corporate economic value, so that we can aggressively work to achieve SDGs (Sustainable Development Goals).

Activities	SDGs
<p>■ <b>[Local communities] “Building Communities” in which People Can Keep Residing</b></p> <ul style="list-style-type: none"> <li>• We will contribute to development of disaster-resistant urban infrastructure.</li> <li>• We will contribute to eliminating labor shortages in all fields by realizing efficient transportation and savings in labor.</li> <li>• We will contribute to creation of a recycling-oriented society by building a foundation for resource recycling.</li> </ul>	 
<p>■ <b>[Environment] “Manufacturing” Friendly to Global Environment</b></p> <ul style="list-style-type: none"> <li>• We will strive to reduce environmental impacts at all stages of the supply chains.</li> <li>• We will promote the 3Rs (Reduce, Reuse, Recycle) for our products and promote energy conservation to produce environmentally conscious products.</li> </ul>	 
<p>■ <b>[People] “Building Society” in which Each Person is Respected</b></p> <ul style="list-style-type: none"> <li>• We will strive to create work environments in which all employees can demonstrate their abilities to the fullest extent possible with a sense of fulfillment and job satisfaction</li> <li>• We will promote the creation of products that are safe and easy to use for all customers.</li> <li>• We will promote the creation of products that consider people at all stages of the supply chain.</li> </ul>	   
<p>■ <b>[Governance] “Building Organization” Trusted by Society</b></p> <ul style="list-style-type: none"> <li>• We will identify Group risks and opportunities, managing them with a management system.</li> <li>• We will value dialogue with stakeholders and respond to their needs and expectations.</li> <li>• We will promote sound corporate management in accordance with compliance.</li> </ul>
