

Notice of Exhibition at “JAPAN MOBILITY SHOW 2023”

We (Kyokuto Kaihatsu Kogyo Co., Ltd. Headquarters: Kyokuto Group Head Office Building, 2-5-11, Awajimachi, Chuo-ku, Osaka, Japan, President: Tatsuya Nunohara, Business: special purpose vehicles, environment, car parking) will participate in the booth of the Japan Auto-Body Industries Association inc. in “JAPAN MOBILITY SHOW 2023” to be held at Tokyo Big Sight from October 26 (Thu.) to November 5 (Sun.) in 2023.

At the exposition, we will exhibit and present our product, GVW20t Dump truck (HARDOX body, with weighing device). It uses HARDOX, which boasts a high level of hardness and toughness, on the body to achieve both greater durability and less weight and improve transportation efficiency. The large-sized rear dump truck wear-resistant steel plating (HARDOX) specifications won the “2021 GOOD DESIGN AWARD” for realizing a clean and simple design based on the “rigid to flexible” design concept and they were selected as one of the “GOOD DESIGN BEST 100,” awarded to 100 exceptional products among the award recipients. Along with these specifications, the dump truck is equipped with a shaft-type load cell (weighing device)..

We are trying to strengthen our special purpose vehicles business further through publicizing our products in the show. We hope that you will come to our booth.
